BISHED THURSDAY

DALY CITY, SAN MATEO COUNTY, CALIFORNIA, THURSDAY, JULY 22, 1948

VOL. 45, NUMBER 25

ANNEX. DISCUSSION T MERCHANTS MEET GOES ON FOR HOURS

Pros And Cons Of Proposal Brought ut Monday Night

The Daly City Merchants Association held a meeting Monday night for the express purpose of organizing and electing new officers. However, they invited Councilman Paul Green to speak on the proposed annexation west of Junipero Serra boulevard and the vote discussion that followed occupied the meeting until 11 p.m. so that another meeting will be required.

Peter J. Markovich, president of the association, introduced the councilman, who outlined the trend of annexation generally, read off the proposal for annexation of the adjacent property, and summed up his opinion with the assertion that the arguments for annexation were stronger than the arguments against.

Green pointed out that since 1939 there have been more than 49 annexations in the Bay Region, and that 49 annexations of uninhabited territory by nearby cities in the year 1946 alone.

Oakland, Richmond, San Jose, Menlo Park, Berkeley, Redwood City, Antioch, Burlingame and Palo Alto were mentioned as cities in which annexation procedure has been found to be beneficial.

The number of annexations in the city since 1900 and 1947 is as follows:

Burlingame, 10; Colma, 0; Hillsborough, 10; Menlo Park, 11; Redwood City, 13; San Mateo, 12; San Bruno, 5; San Carlos, 4; South San Francisco, 13; San Jose, 25; Sunnyvale, 2; Los Gatos, 2; Morgan Hill, 2; Daly City, 4.

The cities which have seemed to be the best and the most progressive, are those cities which have taken advantage of annexation of adjacent areas, while the cities which seem to be the ones which have not taken advantage of annexation," Green said.

H. H. Smith, former mayor of Daly City for 18 years, expressed himself as being against the annexation under any terms, claiming that the new area, when built, would become the heart of the city and the present city would be "across the tracks."

Councilman McLeod D. Battye, declining to state whether he was for or against the annexation, thought the matter was too big for the council to handle and announced his intention to circulate a petition so the issue can be voted on by the people.

An ordinance providing for annexation of the territory, extending boundaries to the Skyline Boulevard was introduced at the meeting of the council and will be voted upon when the council meets next Monday at 8 p.m. at city hall.

Smith contended that business would migrate to the new territory, while Green asserted that any annexation which Daly City residents will extend to the new area would be the case regardless of whether the area is annexed or not, and that the city would lose revenue and control over the new business area by annexing it.

Others taking part in the discussion of pros and cons which were Larry Comer, local leader, Councilman Fred Bertetta, Mayor A. J. Gaggero, George Schuchel, Peter J. Markovich, George Wheeler, Ted Hopman and Lewkowitz.

Next week The Record will allocate space to both those for and against the annexation, so that the people of Daly City will be given an entire picture for consideration.

DALY CITY RECREATION DEPARTMENT ANNOUNCES SPECIAL GAME DIRECTIONS FOR 5 TO 8 YEAR OLD YOUNGSTERS

Every Monday 1:30 to 3:30 p.m., July 19 to August 30, 1948

TYPE OF GAMES:
Circle Games
Singing Games
Hunting and chasing Games: For example—tag, hide and seek, cat and mouse, follow the leader, bull in the ring, run-sleep-run, etc.

AT THE PLAYGROUNDS:
Crocker Playground
High School Playground
Jefferson Playground
Lincoln Playground
Marchbank Park Playground

If further information is desired, see playground directors on your nearest playground.

ELMAN J. ROSE
Director of Recreation

ANNUAL EAGLES PICNIC SUNDAY AT FLOOD PARK

Eagles picnics held annually before the war were always well attended, gala affairs. And this year's repeat performance is expected to be a great improvement even over those happy family occasions.

This Sunday, Eagles and Eagles Auxiliary members and their families will shove off early for Flood Park near San Mateo, for a full day of feasting, games and general merry-making. A chromium dinner set, now on display in the James Donohue windows on Mission street, will be given away at the picnic.

George Wheeler, ticket chairman for the picnic, said this week the picnic is bound to be the greatest ever, with the newly formed auxiliary adding its expert organizational touch.

These committees were named by President Ray Lagomarsino to arrange the affair:

George Wheeler, tickets and publicity; E. J. Smith and Larry Shaw, official greeters; Roy Allain, Gus Ford and Stan Galli, softball team; Steve Passafiume, John Patton, Bill Keelchum, Bill Kennedy, Nathan Pearlman and David Cafferatta, races and games; Bert Merritt, Bill Heyden, Al Meisner, Ed Paxton, Joe Lewkowicz, Ed Sullivan and Erich Diehl, music and public address system; Wayne Alexander, Reggie Calvert, Ed Mooney and Bill Ward, refreshments; Frank Davidson, Jose Garcia, Ed Trahan, Al Arnaudo, Bob Ripley, Ed Holman, Don Johnson and Walter Carter, bingo, and Ernie Romer and William Thompson, coffee.

'Mustangs,' New D.C. Footballers, Hold First Meet

The Mustangs, sanctioned by the Daly City Athletic Club, will officially open the 1948 pigskin parade for local display at an August 1 practice at Balboa Field in San Francisco.

This Daly City grid aggregation came into the realm of possibility through the wholehearted efforts of one of Daly City's leading merchants, the progressive and popular Frank Lombardi. On the night of July 15, a special meeting was held at the city hall in which the club held its first official meeting.

At this time Frank Lombardi gave his support and confidence to the new organization, wishing it unlimited success in the coming grid season and in all its athletic events in the years to come. Victor Bensocca, an official for the California State Athletic League, gave the keynote speech on the League schedule and functions. Football pictures were shown to the 50 members who plan to try out for the team in the coming practice sessions. The team's equipment was shown.

The Club publicly thanked the Daly City Council for use of the city hall for its very important meeting. And, again, the members expressed their thanks to all the merchants who contributed to their equipment fund.

Within all possibilities, the offensive pattern of the Mustangs will center around the double wing back formation. The attack will center on strong spinners up the middle, delayed end sweeps to the strong and weak side, and a passing parade with passes thrown a dime a dozen. From this, the members agree, a good aerial offense should be featured.

Ball carriers like Sid Pate, Jack Rainey, Jack Parker, Bob Grimes, Bob Pleyer, John Fitzgerald, and many others should make the ground attack go. Most of these boys are fleet of foot, and all possess good blockers. The forward wall will be held by such aggressive linemen as Rod Dawe, Lee Stevens, Hank Steele, Bob Dyer, Osker Magrath, Tom Tromborg, Jim Pederson, Joe Patton and Merwin Francis. These boys will be presented with plenty of competition from 30 or more hopefuls from all parts of the area, and from this nucleus will come the starting eleven come the fall campaign.

Paul Green Joins D.C. Record Staff

The Daly City Record announces an addition to its staff this week, with Paul Green, councilman and former mayor, taking over duties as assistant to Harold P. Bradshaw, editor and publisher.

Green, who entered the army in 1941 as a private in the Seventh Infantry Division, was recently separated with the rank of major. A journalism major in college and with a first-hand knowledge of Daly City and its problems, he will contribute to the Record's policy of complete coverage of local events. In his school days he was editor of the Jefferson High school paper and later, managing editor at San Francisco City College. A resident of Daly City for 28 years, Green lives with his wife and two children in the Edgewood Terrace tract.

CONDITIONS OF ANNEXATION

The following provisions have been agreed to in writing by the owner of the land proposed for annexation to Daly City, west of Junipero Serra boulevard, extending to the Skyline boulevard between the Lake Merced and San Francisco Golf courses:

1. Lots in the territory will be 33 feet wide, compared to the conventional Daly City lot of 25 feet, and all homes will be completely detached.
2. Zoning of the territory into first and second residential areas and business area has been agreed upon.
3. Streets, sidewalks, sewers, curbs and gutters, water system, electroliners, hydrants and fire alarm system will be installed and paid for by the developer, at no expense to the city.
4. Utility lines will either be placed underground or on poles in rear lot easements, so there will be no electrical poles facing on the street.
5. Engineering and legal work will be drafted by Lloyd Hainline and Ernest Wilson, respectively, subject to inspection and approval by city officials (City Engineer and City Attorney). Engineering and administrative expenses to be borne by the new district.
6. Blocks will be assessed on a lot basis when one building is completed in any block.
7. Water rates will be the same throughout the city.
8. The City will be given an option on a 10 acre park site, at \$2,000 an acre.
9. The developer will landscape and plant a 10 foot parkway extending approximately 2400 feet along coast highway 56 and separating the highway from the main service road.
10. Standard fence restrictions and set-back lines will be embodied in deeds to the properties.
11. A site for a water reservoir, 150 by 100 feet, will be donated to the city.

Soldier Returned To Daly City For Rape Trial

Wilton McLean Upchurch, army staff sergeant, formerly stationed at the Oakland Army Air Base, was delivered to custody of the Daly City Police Department last week to face charges of statutory rape against a 14-year-old Daly City girl.

Upchurch's arrest followed a search by police extending from the west coast to the east and back again. A wire ordering his apprehension had been sent to the sheriff of Lillingston county, North Carolina, where the soldier reportedly was vacationing. The wire arrived after his departure. This failing, Police Chief Wilbur W. Sunderland enlisted the aid of army officials, who traced him to the port of embarkation at Seattle. Upchurch finally was removed from a Japan-bound transport ship out of Seattle by a Coast Guard cutter.

The soldier entered no plea at his arraignment last Friday before Municipal Judge William J. Sweeney. He will appear for preliminary hearing Friday on a complaint signed by the girl's mother.

'City of God' To Be Sermon Topic At Ocean View Church

"The City of God" will be the topic of the Rev. Joseph Bennett's sermon this Sunday at the Ocean View Community - Congregational Church on Broad street.

Sunday school for children of all ages is held each Sunday at 9:45 a.m., before services. A nursery is provided for younger children during the worship hour.

The Ocean View Church, situated just off Plymouth avenue on Broad street, is only three blocks from Sickles corner.

S.F. Man Faces Negligent Driving Charges Tomorrow

Charles Obert Kling, of San Francisco, will appear before Municipal Judge William J. Sweeney tomorrow on charges of driving from one lane to another without giving proper signal.

Kling pleaded not guilty to the charge last Friday at his arraignment. Complaint was signed by Officer Ed Beecher, who was injured in an accident with Kling's car while riding his motorcycle on Mission street last week.

Lomita Park Seeking Incorp. With Millbrae

Seeking to merge with the incorporated city of Millbrae, more than 200 residents of Lomita Park have petitioned the Millbrae City Council to make arrangements whereby the electorate of Lomita Park may vote to become part of Millbrae.

The consolidation requires a majority vote of Lomita Park's 626 registered voters, while an election by Millbrae voters is not required. Discussion as to whether Lomita Park should be annexed to San Bruno or Millbrae has taken place for several months, but it appears that most people in Lomita Park favor annexation to Millbrae.

Reactivation Of Local Draft Board Expected

Registration of men 18 through 25, ordered by President Truman to start August 30, is expected to follow the same pattern in San Mateo county as during the war. It is expected that the same local draft boards which operated during the war will be reactivated, with official procedure and personnel to be announced soon in Sacramento. Col. Kenneth H. Leitch continues as state director.

New locations will probably be required for the five county boards, which are:

Board 103, Daly City; Board 104, Burlingame; Board 105, San Mateo; Board 106, Redwood City; Board 107, Menlo Park.

Order Change In Sewage Disposal; Cities To Comply

Aided by efforts of Congressman Jack J. Anderson, the city of South San Francisco has received approval of the sale of 25 acres of the former Belair shipyards on Bayshore boulevard from the federal government. The land will be used as a site for a sewage disposal plant to be erected and used jointly by the cities of San Bruno and South San Francisco.

Plans and specifications for the plant await the approval of state officials, and approval of a bond issue by residents of San Bruno and South San Francisco is required before the sewage disposal plant may be established.

The state has ordered that cities bordering on the Bay and ocean discontinue the practice of dumping sewage and has set up funds on a matching basis for the erection of sewage disposal plants.

The City of Daly City has an agreement with the county board of supervisors for the disposal of sewage in the northern end of the county, and action awaits completion of an engineering survey. It is planned to dispose of northern San Mateo county sewage through an agreement permitting use of a new San Francisco sewage treatment plant on a participating basis.

Railway Route May Be Developed For Arterial

County Engineer M. A. (Cap) Grant, after a study requested by the cities of Burlingame, Millbrae and San Bruno, has stated that use of the S.F. Municipal Railway's No. 40 line right-of-way between San Bruno and Burlingame as an arterial highway is a feasible project. However, no action can be taken until 1950, Grant said, when the street car franchise expires. If the right-of-way is converted into a highway, transportation service would have to be accomplished by use of buses.

City officials from Burlingame, Millbrae, San Bruno, South San Francisco and Daly City plan a meeting in August to discuss ultimate extension of the proposed highway along the trolley right of way to a connection with El Camino Real at the cemeteries in Colma.

The main problem to be surmounted is the disposition of traffic on the proposed arterial when it reaches the Burlingame depot. Grant termed this problem one to be solved by the cities concerned.

Although heavy traffic on El Camino Real has led to consideration of a road paralleling the street car right-of-way, the county engineer declared that intersection grades on the route prohibit construction of a parallel road and said that use of the right-of-way is the only alternative.

It Takes A Theft To Catch A Thief

The Daly City Police Department's 1948 Plymouth sedan was in the municipal garage, and Charles DeMartini of 2044 Mission street was in pul-lenty of trouble today, awaiting a series of criminal hearings in both San Francisco and Daly City.

Arrested by San Francisco policemen after leading them a merry, 70-mile-an-hour chase through the southern end of the city, DeMartini's sad revelations in a Potrero station cell cleared up a number of thefts and acts of vandalism confronting the police departments of both cities.

The chase started when two local cab drivers entered the police station early Wednesday morning. Desk Officer David Johnson, who had seen DeMartini driving north on Mission street in THE POLICE CAR! Earlier in the evening, he reported he had said he was going to "borrow" the vehicle. Johnson immediately broadcast a stolen auto report to San Francisco.

Minutes later, two cruising S.F. P.D. cars picked up the sound of a siren in the vicinity of San Bruno avenue. Remembering the broadcast, they gave chase—up town, down town and cross-town at 70-miles-per-hour, rounding corners on two wheels. The fleeing police car finally came to a jolting rest against the wall of a house in the 100 block on Madrid street. Leaping from the car, DeMartini took cover on the dark porch at 143 Madrid street, returning a dramatic "Come and get me" to the officers' summons. The policemen "came and got him"—knocked him off the six-foot-high porch to the ground, and handcuffed him.

A shot-gun, missing from the police car when it was towed from the scene of the crash, was later found at the home of one of DeMartini's friends on Hanover street in Daly City. Back in the station house, the youth admitted two Daly City burglaries perpetrated last week. Last Thursday, he told police, he broke into Tiny's Tavern at 6047 Mission street and on Friday, broke the window of Vireno's Market at 6198 Mission street. In each case, DeMartini said, he took only a few bottles of whiskey.

DeMartini was in a San Francisco jail today, awaiting hearing on burglary and purse-snatching charges in that city. He is booked on a charge of burglary in Daly City where theft and burglary charges may be brought.

Local Fishermen Catch Limit Off Golden Gate

John Calcagno was all smiles last Sunday, and six of his buddies were only slightly lesser grins as they returned from a salmon fishing excursion beyond the Golden Gate.

Calcagno returned with a giant 26-pounder, largest of the limit catch brought back by the entire crew. The men went out with Skipper Ed Kohlhauf of Colma.

The three-a-piece limit was caught by Kohlhauf, Calcagno, Tom Stanghellini, Bob Fontana, Lee Neville, Guido Zanone, and Mario Pendola.

Ambulance Service Survey By Chope

Action on Daly City's request for installation of an oxygen inhalator in the county ambulance maintained at the city hall has been deferred pending completion of a study of ambulance service throughout the county.

Dr. Harold Chope, San Mateo County health director, is performing the survey. In addition to the local request for the additional emergency equipment, South San Francisco, San Bruno, Millbrae and Daly City have jointly requested that the county board of supervisors make provisions for 24-hour ambulance service in the north end of the county.

Stewardship Play To Feature Meet Of Presbyterians

A religious play revolving around the "stewardship" theme will be presented to members of the Grace Presbyterian Women's Council next Thursday at an afternoon meeting in the church.

Directed by Mrs. Arthur Benofsky, the play will be enacted by a cast of Council members, including Carol Hodde, Ora Miller, Mary Soa, Phyllis Blackburn, Lorraine Borgstrom, Fern Johnson, Grant Ross, Sandra O'Brien, Sandra Guonod, and Ann Purser.

Mrs. Carrie Walker, a social worker with the blind, will recount for the group some of her experiences in the profession.

The meeting will convene after lunch, with Mrs. Walter presiding. A devotional lesson will be given by Mrs. Elizabeth Bright.

Luncheon will be served at 12:30 p.m. by Circle Three, preceded by an 11:30 a.m. meeting of the executive board.

JR. OLYMPICS ATTRACT 300 BOYS AND GIRLS

Colma Election Ends Case Of Lost Ballots

The case of the lost ballots came to a happy ending Tuesday when a municipal election was held in the neighboring city of Colma.

A proclamation by Governor Warren set the election for this week after the regular election last April 13 was called off when the official ballots disappeared. They were found later under the front seat of the police automobile.

Re-elected Tuesday were Mayor Barkley Flynn, Peter Barsi and Earl Taylor with John Newton also winning a place on the council over Gilbert Parker.

H.S. Board Awards Plumbing Contract To Burlingame Co.

Contract for the installation of water pipes into and through the two new shop buildings on the high school grounds was awarded last week to the Lee Plumbing company of Burlingame.

Winning bid for the contract was \$4,840, lowest of three bids submitted.

The meeting of the board of trustees was devoted almost exclusively to improvements to the high school property, the assessed valuation of which has increased approximately \$2,000,000 since last year's figure was released. Total value of the district's property to date, according to word recently received by the board, is approximately \$9,200,000.

Other improvements being planned for the near future include the painting of window frames on the high school building, and the resurfacing of driveways and parking spaces on high school grounds. R. L. Klassen, Daly City's city engineer, was called in for consultation on the paving of parking spaces between the two newly constructed buildings and in front of the auto shop.

Recreation Department Trip To Fleishacker's

Eighty-five girls and boys from the five Daly City playgrounds, accompanied by their playground directors, toured Fleishacker Zoo and the concessions at Playland last Wednesday on an all-city outing at the beach.

Comments heard after the successful excursion revealed that the trip had been educational as well as entertaining.

The train ride, donkey ride and merry-go-round were among the more popular diversions, according to the directors.

Eagles Auxiliary Plans Whist Party, Basket Picnic

A dessert whist party and a basket picnic are being planned this week by the Ladies Auxiliary of Eagles as part of their summer program of social activities.

The whist, scheduled for next Thursday, will serve a dual purpose. Designed to promote closer acquaintance among members of the auxiliary and their friends, it also is intended to garner funds for the drill team's maintenance. Mrs. Esther Murphy, chairman, will accept donations of prizes for the affair.

The basket picnic, to which all members and their children have been invited, is slated for August 11 at San Mateo Park. According to Mrs. Lorene Gardner, chairman for the affair, entertainment and games are being planned for the day.

Initiation of candidates last week saw eight new members inducted into the swiftly growing auxiliary. Mesdames Dolly Brush, Rosalyn Adams, Dixie DeLair, Josephine Galli, Camilla Spoulos, Hannah Sebastiani, Thelma Kirnan and Nelly Fjildur were welcomed into the membership.

The auxiliary's next meeting is slated for next Tuesday.

County Leads In Bay Area Sales Increase

Showing a gain in sales of 37.5 per cent over 1946 figures, San Mateo county has topped all other Bay Area counties in increased retail sales for 1947, according to figures released by the Bay Area Council. Total sales in the county, on taxable items only, were \$147,000,000.

Average gain in the Bay Area was 20.8 per cent, with neighboring Santa Clara county reporting an increase of 26.3 per cent.

Bay Area sales per capita were \$1139 as compared with an average of only \$1076 throughout the state.

Attracting an audience of more than 300 boys and girls at the Jefferson High School stadium, the Daly City Junior Olympics were held last Tuesday.

Outstanding performer was Faustino Quitevis, a Jefferson Elementary School athlete, who leaped 18 feet, 1 inch in the class A broadjump. He also won handily in the sprints, running the 50-yard dash in 7 seconds flat and the 75-yard dash in 9.2. Faustino's activities were completed when he anchored the winning shuttle hurdle to bring victory to his team in the 240-yard relay.

Jack Wilson of Lincoln Playground started in Class A competition by heaving a softball 255 feet and winning the 50-yard hurdle race in 8.2 seconds. He also placed second in the 50-yard dash, football kick and relays for a total of 17½ points to tie Quitevis for high point honors.

Floyd Gonella of Lincoln followed closely with 16½ points, winning the football throw with a toss of 150 feet and the 8-lb. shot put with an effort of 40 feet. Gonella placed second in the relays and low hurdles.

A class A team from the High School grounds took both relays in 32.6 and 32.8 seconds. Don Espinoza, Bob Crowley, Eddie Galindo and Faustino Quitevis made up the team.

Martin Verece of Crocker Playground won the high jump at 4 feet 6 inches and took football kick leadership with a boot good for 50 yards.

Lincoln shaded the High School group in boys class A competition, 41½ to 34 points, but lost the class B trials 33½ to 30½ with Marchbank Playground third at 29 points.

Girls Class A competition was won by the High School Playground with 28 points against 20 for Lincoln. Jefferson Elementary was third with 13 points.

Combined results in all five divisions of competition were as follows: High School, 187½, Lincoln 94, Marchbank 83, Crocker 52 and Jefferson 28½.

Individual winners:

Boys, Class B
50-yard dash, Jimmy Galindo; 50-yard hurdle, Herbert Frost; hurdle relay, Lincoln team; 240-yard relay, High School team; high jump, Richard McDonough; broad jump, Jimmy Hermanson; softball throw, Ed Gallagher; football kick, Herbert Frost; football throw, Bud Reynor and shot put, Fred Chapman.

Girls, Class B
50-yard dash, Judy Liberti; hurdles, Rose Eling; hurdle relay, High School team; 240-yard relay, High School team; high jump, Sandra Faulk; broad jump, Judy Liberti; softball throw, Jean Marsh; soccer kick, Jacqueline Baker.

Winners in the Boys Class C division included Tutti Williams, E. Gallagher, F. Bertetta, J. Giusti, D. Kalinen and Sherwood Rupp.

Kennedy And Silvestri In Publix At Atlanta

Advancing handily in first round matches at the National Public Links Golf Championship in Atlanta, Georgia, Bob Silvestri and Jim Kennedy survived the first elimination matches this week.

Both Kennedy and Silvestri are former Jefferson High golf and football stars of fifteen years ago. Kennedy is a brother of Fire Chief Elmer Kennedy, and plans to move back to Daly City after spending several years in South San Francisco. Silvestri, three times runner up in the S.F. City golf championship, is a well-known local tavern owner.

WELCOME TO DALY CITY

New Families moving into Daly City recently include:

Edward B. Miller, 318 Woodrow street.
L. H. Reese, 5998 Mission street.
A. Chuburna, 89 Bepler street.
S. F. Martorana, 152 Santa Barbara avenue.
Dan Themoleas, 36 Werner avenue.
N. O. Reilly, 73 Bepler street.
J. Greenfield, 293 Los Olivos avenue.
John A. Mitchell, 459 Winchester street.
Floyd A. Cryer, 344 Westlake avenue.
Victoria Mahoney, 6208 Mission street.
William Larcher, 274 Hillside boulevard.
William Wright, 243 E. Miriam street.
P. W. Requa, 9 Gambetta street.
R. Wickersheimer, 23 Risel street.
Betty H. Van Staveren, 6775 Mission street.
Charles M. Crabb, 135 Station avenue.

Expansion And Progress - - -

The chance to increase the territorial boundaries of Daly City by almost one-half again its size has been offered to our small metropolis.

For years the wide-awake, progressive citizens of Daly City have been awaiting just such an opportunity. Territorial expansion had slowed down after 1931, and for 10 whole years the city slept, allowing its neighboring towns to overtake it in size and outrank it in county prominence and progress.

In the spring of 1941, another small step in the city's growth was achieved with the acquisition of one block adjoining the city's eastern boundary. Something over two blocks in the same general location were added just last month in Daly City's fifth annexation since the town was incorporated.

These were small annexations, but the beginning of a wide program which can, if supported, extend the boundaries of the city over the entire western section of north San Mateo county. Daly City has for years suffered a rude neglect in the matter of county privilege. Now it must increase its size, and by that means its influence, if the town ever is to gain deserving recognition among the progressive cities of the peninsula.

As was pointed out last week by a prominent local champion of annexation, no city can survive which remains static in the midst of an era given to expansion and development. Faced with the prospect of being closed in by its neighbors' annexations, the city must grasp eagerly all the lands feasible for development, or succumb between the walls of more ambitious towns.

GENERAL PERSHING

America lost one of its most famous soldiers in the passing of General John J. Pershing.

Although he gained fame in the fight against the Indians, the Moro tribesmen in the Philippines and as the leader of the American Expeditionary Forces in World War I, his fighting spirit was also in evidence off the battlefield. In France he fought and won the behind-the-scenes battle with the British and French military leaders who wanted our troops to be under their command as replacement units. More than a decade ago he won the fight against death when he was taken seriously ill and given up by the doctors. At one point he was not expected to live through the night.

General Pershing's career was one of phenomenal success and stark tragedy. At one time he was advanced from the rank of captain to that of brigadier general in one jump, passing over 362 ranking officers. In 1915 his wife and three daughters died in a fire at the San Francisco Presidio.

Although he retired from active duty nearly a quarter of a century ago he was consulted regularly during the recent war by General Marshall and it is not unlikely that his advice had much to do with some of our most important military decisions.

In life, a grateful nation bestowed upon him its highest honor, the title of General of the Armies. In death, a grateful nation mourns the loss of one of its most able defenders.

BARGAIN MANIA

A United Press correspondent who interviewed a Chicago department store executive learned that the stories about free-for-all battles at bargain sales are hardly an exaggeration. Some women, the executive declared, have a mania for bargain sales. Whether they need the items on sales or not, they can't resist the desire to get in on the deal. And how they get in! Football players could learn a lot about blocking and tackling just by watching — at a safe distance — the feminine maneuvers in getting through to the counter. Big city stores always plan to keep the bargain crowds under control, but almost invariably their plans are trampled under feet by the surging mob. The most successful shoppers, says the store official, are those who are heavy enough and aggressive enough to bull their way through the crowd. Their slogan is: Forward to the bargain counter and let the arches fall where they may!

BASEBALL SHAKEUP

The resignation of Mel Ott as manager of the Giants and the shift of Leo Durocher from Brooklyn to take his place was one of the most startling developments to take place in the baseball world in many a moon. Probably the most pleasing part of the whole deal was the return of soft spoken Burt Shotton to Brooklyn to fill the vacancy made by Durocher's departure. Last year Shotton substituted for "Lippy Leo" during the latter's suspension. Using methods directly opposite those of the fiery Durocher, he guided "Dum Bums" into the National League championship and forced the Yankees to seven games before dropping the World Series. So far this year the Brooklyn team has shown little of the winning ability they displayed under Shotton in 1947. It will be interesting to see if their playing improves under him. Durocher's progress at New York will also be watched with interest.

How to form an opinion: Take a small measure of information, add three jiggers of imagination, a large quantity of prejudice and shake well with emotion.

BASEBALL RESULTS

By Ralph Capps

FLYNN HITS HOMER

Playing under the banner of Corbett's Liquor, the D.C. Baseball Club downed the strong Harrison Athletic Club, 9-6, last week in a night game at Funston Park. It was Ed Flynn's night at the plate, smashing out a home run with two men on base, plus a triple and single.

Hank Dotoli, hard-hitting shortstop, hit two for four, as did Harry Krohn, the team's full-time inspiration in the catcher's spot.

The Corbetts have only to defeat the Funston's Cavern nine to earn a place in the nine-team AA Funston Night League.

PENGUINS WIN 5-4

Losing on the short end of a close 4-5 score, the Daly City Baseball Club lost to San Francisco's Penguin Club Sunday at Marchbank Park.

Pitcher Mario Vigol, newcomer to the local scene, ran into some bad luck when a long fly ball was misjudged in centerfield, allowing three runs to score.

Harry Krohn, veteran Daly City catcher, collected two of his team's six hits.

COLMA BEES WIN

A last inning double by Alex Finley drove in two runs to give the Colma Boys Club Bees a 5-4 victory over the Carbone Jewellers baseball nine Sunday at Marchbank Park.

Henry Morgan, on the mound for Colma, allowed only scattered hits to the opposition, and the locals scored on hits by Mosman, two by Max Kline, one by Welp and Finley's double.

MCLEOD ALLOWS 1 HIT

George McLeod was the hero of the Daly City Boys Club Sunday as his team beat out a hustling Bayshore City nine, 5-2. McLeod pitched a one-hitter, striking out 10 batters in the process, and garnered two of Daly City's three hits for himself.

The game was marked by numerous errors by both teams, and Coach Jay Johnson has sent out another plea for additional help in developing the team.

It was a pitcher's battle between Michelini and Calvert of Bayshore and McLeod for Daly City. Michelini started the game, but when the Boys Club started to score, Bayshore, the club of distinction, switched to Calvert. McLeod allowed no earned runs.

The box score:

Remedy for Malaria

Malaria is caused by the anopheles mosquito. The Allies discovered a secret German chemical during the North African campaign effective against malaria. It is called "Aralen," and unlike atabrine (widely used in the war) it does not yellow the skin, and yet it controls malarial attacks more quickly than either atabrine or quinine. A year's supply of Aralen for one person would cost about \$3.

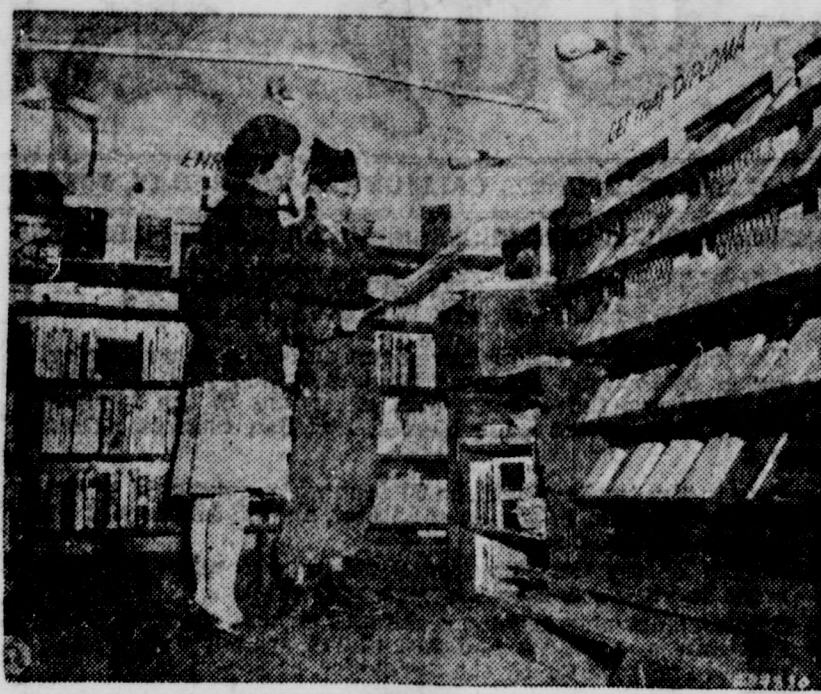

Cattle Disease Curb

Research to develop improved methods of combating the costly cattle disease, anaplasmosis, is underway. The disease is reported to exist in 27 of our 48 states, and is particularly troublesome in southern and south central areas of the United States. The estimated national loss from anaplasmosis last year was between three and four million dollars. In Oklahoma, alone, it exceeded half a million dollars.

Cotton Insect Damage
Cotton insects destroyed 15.1 per cent of the 1946 crop, according to a report of the bureau of agricultural economics. In addition to lint, this meant 613,000 tons of cotton seed which would have produced 200 million pounds of margarine, 276,000 tons of high protein meal, and 152,000 tons of cottonseed hulls. Meal loss to insects would have provided sufficient protein for 178 million pounds of beef or 690 million gallons of milk.

Famous Irish Castle

Near Limerick, Ireland, is the famed Cratloe castle, once the headquarters of Brian Boru, the warrior king who united Ireland in the 11th century, during his battles with the Danes. The castle is in complete ruins today, and serves only as a striking background for a peaceful rural scene.

SCHOOLHOUSE ON WHEELS—This specially equipped railway car, operating in Japan, brings members of U. S. Occupation forces the latest information concerning correspondence and self-study courses through which many of them are continuing their education while in the service. A WAC officer of the Tokyo branch of the U. S. Armed Forces Institute looks over some of the car's educational aids with one of her assistants.

Goings On At The Playgrounds

MARCHBANK PARK

By Glen Smith and

Kathleen Schreiber

Monday was spent enjoying the movies at Jefferson playground. The afternoon was spent in track practice. A sign-up to trade began, and a record sign-up occurred.

The boys: James Selson, Jerry Eling, Bill Eling, Ross Benendes, Waldo Benendes, David Rasmusen, Jim Spinetti, David Cafferata, Richard Marquez, Benny Benavidez, Jack Lewkowicz, Armand Haber, Loren Taber, Bill Willers, Eddie Gallagher, Angelo Squeri, Gus Sakalasis, Jim Snell, Jack Al-lain, Victor Lewkowicz, Jerry Gruenwald, Carl Gruenwald, Dick Zosde, Jerry Sullivan, Dennis Mick, James Wilson, Charles Cameron, Billy Clarke, Ray Rosa, John Sallas Jr., Henry Oliver, Eddy Per-mor, Ronald Molina, William Sallas, Pitu Sallas, Marcus Glover, George Sutter, Bobby Moore, Brian Eagan, Robert Brian, John Jenna and Lynn Anderson.

The girls: Pat Pettie, Elissa Marquez, Rose Eling, Helen Cooper, Beverly Heagney, Kathy Heg-gelund, Mary Ellen Ellis, Darlene Haynes, Lynn Haynes, Joanne Blair, Frances Jensen, Margo Sutta, Carol Glover, Helen Matthews, Thelma Walden, and Kathy Rasmussen.

The track meet was postponed due to the weather. Marchbank will be at full strength for the meet on Tuesday.

The pet show slated for Friday brought about the appearance of numerous unfamiliar animals on the grounds. Among them were two baby kittens, two baby pigeons, a snake and many dogs.

The regular Saturday Weiner roast was a hit. Weiners, potatoes, cantaloupe and toast were enjoyed by the children.

CRAFT CENTERS

By James Kraywinkel

and Elizabeth Kabeary

Last week the Peoria Craft Center, open Monday and Thursday, was the scene of much activity. Youngsters occupied their time painting plaster of paris figure, lacing paper plates for wall decorating and braiding pyrocraft bracelets. Next week we are going to make turtles from walnut shells, and badges from pop bottle caps.

At the Parkview Craft Center the youngsters painted figures, laced paper plates, and braided pyrocraft bracelets. Some very fine woodburning has been done by Barbara Saumer. It is an art in which we would like to get more youngsters interested.

Remember the Craft Center at 101 Parkway is open Tuesday, Wednesday and Friday. Next week, among other things, we plan to do some clay modeling.

LITTLE JEFF

By Beverly Clement

The checker champ is Donna Shulda, who beat Ario Gregorio two out of three times for the title last week.

Lowell Creighton won the free-throw contest by sinking 16 out of 21 shots, and Albie Figone took second place with a score of 14 out of 21.

Crocker beat the "Little Jeffs" 14-13 in softball. However, the kids are looking forward to another crack at them soon.

This week we're going to the San Francisco Junior Museum for our Nature Week outing. Next week we hope to hike through Muir Woods.

The most popular on-grounds competition this last week was softball — boys against the girls. The boys are ahead in the series with a score of 3-2. The girls, however, plan to change the score this week to something in their favor.

JEFFERSON HIGH
By Mary Falbo

This week the boys went on a fishing trip to the municipal pier. The trip was made on Wednesday. Folk-dancing for boys and girls is going over with a bang. The fellows can enjoy regular old-fashioned barn dances, as well as the vigorous folk dances of other countries. Folk dancing is held every Tuesday and Thursday at 10:30 a.m.

The badminton tournament is in its final stage. Tuesday will tell

County Service Station Operators Have Meeting Here

Thirty-six service station proprietors from all parts of San Mateo county assembled Tuesday night at the Starway Restaurant here for the first meeting of the Northern California Service Station Operators Association affiliate.

Arrangements for the dinner were made by Magnus Hammar, chairman for the Daly City hosts. Other local operators present were Frank Rehe, Joe Lewkowicz, Charles Seco, James Fraynes, Paul Marchi, Mel Hanson, Joe Divito and William Sweeney Jr.

Speakers at the meeting were A. Kirby, legal advisor for the northern California association, and Scotty Hutchinson, business manager. Group insurance, credit association and a new membership campaign were some of the topics up for discussion.

A representative of the National Petroleum Institute informed the group of the local outlook on petroleum supplies and on wholesale gasoline prices.

The next county meeting is scheduled for August 12 at Redwood City.

OFF THE BLOTTER

Dangerous business, this teaching people to drive. That's what George L. Naylor of 886 Bellevue avenue no doubt is thinking this week, as he nurses a lacerated knee.

Naylor was treated at Junipero Serra Hospital last Thursday for minor injuries, and his companion, Samuel Leo Peitchel of 345 Peoria street, was confined for serious head wounds, after their car ran down an embankment and crashed into a house at 348 Peoria street.

Naylor told police he had been teaching Peitchel to drive when the latter attempted to round a corner from Bellevue into Peoria street. That's where the trouble started. Peitchel's foot missed the brake and applied pressure on the gas pedal, shooting the car over the curb and down the embankment.

Another automobile crash last Sunday sent two passengers to the hospital with minor injuries. Sophie Ellis, 26, and Martha Ellis, 54, suffered lacerations and abrasions when the car they were riding in, driven by Elias Peter Ellis, collided with one driven by Alan Silver of San Francisco.

The accident occurred at 2:45 p.m. on Junipero Serra boulevard, opposite Westlake avenue. According to police, Ellis' car rammed into the Silver car which had slowed down for stopped traffic.

Mrs. Louise Mattis of Colma was confined with a fractured pelvis last week after falling from her horse at 90th and Sullivan streets in Colma. She was taken to Junipero Serra Hospital in the county ambulance.

Thirteen-year-old Marilee Faulk, of 141 Alexander street, sustained a fractured left leg Tuesday while high-jumping on the high school grounds. She was later released from Junipero Serra Hospital.

where she had been taken by the recreation director after emergency first aid treatment.

A car driven by Etienne Callano, 230 Los Banos avenue, was damaged Tuesday in an accident in front of No. 7 Hillcrest drive. Callano told police the right front tire of his car had gone flat, causing the car to sideswipe one driven by John Henry Johnson, 113 Brunswick street.

The right front fender of a car driven by Aldo S. Lanza, South San Francisco, was damaged Monday when it collided with a dump truck driven by Herbert O. Migh, 6 Muirwood drive. The accident occurred as both Migh and Lanza attempted to execute a left turn off Mission street into Hillside boulevard.

An unidentified passerby was credited with extinguishing flames in a burning automobile parked in Hillside boulevard and Gambett street Monday, before the fire department could respond.

Three lots were consumed in grass fire last Thursday at School and Werner streets. Fire Companies 1, 2 and 6 responded and extinguished the flames.

A rubbish fire behind the Callifornia Seed Co. warehouse, Westlake and Junipero Serra boulevard was brought under control last Saturday by Fire Companies 1, 2 and 6.

Gaspar Portola Be Named Soon

He will wear the plumed hat, cape, high boots and beard of Don Gaspar de Portola, the Portola Festival and is celebrated in San Francisco from October 2 to 25? According to Charles Rosenthal, vice-president of the festival, the public will soon have opportunity to vote for the candidates. The winner will be selected to head up all festivities in the Golden Gate city. The Portola Festival is a celebration of the discovery of San Francisco Bay in 1769, and for whom San Francisco's celebration is being held. Among them are descendants of members of the Portola Expedition, pioneer Californians, and famous horsemen.

DEAD STOP

Excessive speed on the highway may get you to your destination a little sooner — if you're lucky — but it's more likely to stop you dead in your tracks, cautions the California State Automobile Association.

discovered San Francisco Bay in 1769, and for whom San Francisco's celebration is being held. Among them are descendants of members of the Portola Expedition, pioneer Californians, and famous horsemen.

The Portola Festival promises to attract hundreds of thousands of visitors for the 24-day festival, which will include gay carnival, pageantry, parades, opera, sporting events, street dancing and general revelry.

Mission Parlor Drill Team Wins Prize In Fiesta

Mission Parlor Drill Team participated in the St. Anthony Fiesta in Santa Clara on Sunday, July 18, and was awarded a prize of \$25.

The next turnout of the drill team will be on August 7, at which time they will take part in the anniversary celebration at the Farmers Market in San Francisco.

The next business meeting of the drill team will be held at the home of the captain, Jenny Hampton, early in August. At this meeting

Realign Dangerous Curve On U.S. 40

Hazardous "Flycatcher Curve," eight miles east of Truckee on U.S. 40, the scene of many traffic accidents, is now being eliminated, and traffic is subject to control during working hours, reports the California State Automobile Association. Traffic delays at control points are of short duration, and at night flares are posted along the route for motorist protection. Careful driving, however, is necessary. The realignment work is expected to continue through September.

THREE LANE DEATHTRAPS

Three lane highways can prove to be veritable deathtraps. Engineers planned these highways to permit passing. But when careless motorists swing out to pass without keeping a watchful eye on oncoming traffic, passing in the third lane can have results never planned by the engineers.

final plans for participation in the Admission Day celebration in Sacramento will be made. Members of the team are looking forward to participating in both the competitive drills and the parade which are an annual event at the Admission Day festival.

RENNER BOWLERS TAKE DOUBLE WIN FROM SPUDNUT TEAM

Two successive games were won last Thursday by the Walter Renner-Real Estate girls' bowling team at the Sports Center, 29th and Mission streets.

Both games were taken from the Spudnut Bowling Team.

Lineup of the consistently victorious Renner team is: Lee Saso, Fran Rasi, Hill Shields, Vada Lyons and Nell Class, captain.

SUMMER CAMPING

Campers leaving camping areas are urged to make sure their camp fires are out by stirring a good supply of water into the ashes. They should also be careful to leave no trash lying around. Where no means of disposal are provided for unburnable trash, it should be deeply buried.

HALIBUT TAKEN

Many halibut have been taken this past week along the beaches and wharves of Monterey county, reports National Automobile Club.

A State-wide quarantine on mussels will be in effect until October 31, according to the Division of Fish and Game.

NEW DRAFT LAW SUMMARY IS PRESENTED IN BRIEF FORM

A summary of the Selective Service Act of 1948 was released last week to all recruiting stations in the eight western states, preliminary to publication of the new Selective Service Law.

Reprinted here is a group of the highlights of the act, minus detailed wording and boiled down to a comprehensive outline for possible enlistees in the Department of Army's new 18-division force.

ONE YEAR ENLISTMENTS: A maximum of 161,000 youths 18 years old enlisted for 1 year's service may be kept on active duty with the Armed Forces within the continental limits of the United States.

Upon completion they are transferred to a reserve component for 6 years (subject to a possible month of active duty annually), or 4 years in an organized unit.

If a vacancy is available, it is the duty of the individual to serve in an organized reserve unit or in an officers' training program for 4 years. If he declines this assignment, he may be ordered back for 12 additional months of active duty. The Secretary of Defense is authorized to prescribe regulations governing transfer between reserve components and allowable credits for service at transfer.

REGISTRATION: All male citizens and male resident aliens aged 18 through 25.

LIABILITY FOR SERVICE: All male citizens aged 19 through 25, unless exempted, or deferred.

Resident male aliens are exempt if they apply, but thereafter are debared from citizenship.

SERVICE: Men drafted must serve 21 consecutive months.

Entrance requirements are lowered to a General Classification Test score of 70.

Anyone of draft age shall be offered an opportunity to enlist for 21 months' service in the Regular Army. (Current laws governing length of enlistments in the Navy or Air Force are unchanged. Persons may volunteer for 1 year's extension of inducted service.)

Anyone who is enlisted, inducted or appointed in the armed forces after the effective date of the act and completes less than 36 months of active service and who meets the qualifications for enlistment therein, must be transferred to a reserve component for 5 years and be subject to such additional training and service as may be hereafter prescribed by law for such component.

In lieu of 5 years in a reserve component, persons completing 21 months' service or more may discharge this reserve obligation by: 1. An additional year of active duty, which extension is authorized, or

2. 36 months in an organized unit of a reserve component, satisfactorily participating in scheduled drills and training as prescribed by the Secretary of Defense.

SELECTION: Selection shall be in an impartial manner with no discrimination on account of race or color.

Quotas for induction for each state and subdivision shall be on the basis of the actual number of men therein eligible for service.

Credits against quotas are to be given for residents of each subdivision already in service or who subsequently become members of the Armed Forces.

EXEMPTED FROM REGISTRATION AND SERVICE: Members of the Regular Armed Forces, the Coast Guard, Coast and Geodetic Survey and the Public Health Service.

Members of the reserve compo-

nents (of all the above) while on active duty.

Foreign diplomatic representatives and their families.

No person shall be inducted:

Unless and until acceptable to the armed forces and his physical and mental qualifications determined under standards prescribed by the Secretary of Defense;

Until adequate provisions shall have been made for shelter, sanitation, water, heat, light, medical care and hospital accommodations.

Persons inducted shall be members of the Army of the United States, United States Navy and United States Marine Corps, or United States Air Force.

Pay and allowances for persons inducted shall be the same as for the Regular services.

No person shall be inducted without his consent within 90 days after the effective date of the Act, otherwise the Act is effective immediately, and shall terminate 2 years after enactment or earlier by Joint Resolution of the Congress. The Secretary of the Army (for Army and Air Force) and the Secretary of the Navy are directed to intensify recruiting to obtain the required strengths by voluntary enlistments.

EXEMPTIONS AND DEFERMENTS FROM SERVICE: Exempted in peacetime are:

Veterans with at least 90 days' service between December 7, 1941 (Pearl Harbor) and September 2, 1945 (V-J Day).

Persons with 12 months' service or more, between September 16, 1940 and effective date of the Act.

Persons who have had from 90 days to 12 months of service either before Pearl Harbor or during the period from V-J Day to effective date of the Act, if the local Selective Service Board determines:

a. That he is a member of an organized unit of a reserve component of the Armed Forces in which he served (including the Coast Guard);

b. That he is a member of a reserve component of the Armed Forces in which he served if no unit is reasonably accessible to him without unduly interrupting his normal pursuits and activities—including attendance at regular enrollment in college or university courses.

c. That enlistment in a reserve component of the Armed Forces in which he served is not available or he is serving in an organized unit of an Armed Force in which he has not served.

(Service as a cadet or midshipman at a service academy or in an ASTP or similar program or in preparation or processing thereof, is not credited as active duty service.)

MEMBERS OF THE RESERVE COMPONENTS: Members of the National Guard or organized units of the reserve components on effective date of the Act are exempt from service so long as they remain members, and satisfactorily participate in scheduled drills and training as prescribed by the Secretary of Defense, but not from registration unless on active duty.

After the effective date of the Act youths under 18½ years are deferred by enlisting and serving in any unit of the National Guard if a gubernatorial proclamation states such unit cannot be maintained in strength otherwise.

Except for men in the above categories, or veterans, no one who joins a reserve component after the effective date of the Act will be exempt from registration or service.

Present members of the advance course, senior division ROTC of the

Washington, D. C.—Secretary of the Interior J. A. Krug agrees with Philadelphia Bulletin cartoonist Alexander in describing United States Savings Bonds as excellent safeguard against rising prices.

Army, Air and Navy or juniors and seniors in college appointed as midshipmen, US Naval Reserve, are deferred until completion of the course but not from registration.

After the effective date of the Act, persons selected for enrollment in ROTC who agree to accept a commission if tendered and to serve thereafter for 2 years on active duty are deferred until completion of the course and as long thereafter as they continue to hold their commissions.

Qualified and accepted aviation cadet applicants are deferred while awaiting entrance, but not to exceed 4 months.

Officials elected by Statewide Vote are deferred while in office.

Regularly ordained ministers, theological students, those pre-enrolled in full-time courses of recognized divinity schools or in courses preparing them for theological courses are exempt from training but not from registration.

Presidential deferment, on the basis of individual status, is authorized for men with dependents, and those engaged in agriculture, industry, government, study, research and scientific, medical or other endeavors necessary in the public interest.

Students: High school students are deferred until graduation, or until the age of 20.

College students while satisfactorily pursuing a full-time course of instruction if ordered to report for induction will be deferred until the end of the academic year. Presidential authority is given to defer such categories of students for such periods of time as he deems appropriate.

Conscientious Objectors: Those objecting to combatant duty will be assigned to non-combatant training.

Those objecting to any type of military service will be deferred, but specific requirements and determinations must be met in each case.

Discharges by reason of minority or suspended during the effective life of the Act.

No person may be accepted for enlistment after he has received orders to report for induction.

The sole surviving son of a Gold Star family is exempt.

ACTIVE DUTY FOR MEMBERS OF RESERVE COMPONENT: Presidential authority is given, notwithstanding other laws, to order certain members of the reserve components to active duty for 21 months without their consent. These are members who have had less than 90 days' continuous active service and are not otherwise deferred or exempt.

Gubernatorial consent is necessary in ordering individual members of the National Guard to duty.

RIGHTS AND PRIVILEGES: Upon completion of satisfactory service, each person inducted shall be given a certificate of service, and a record of physical examination if he so requests.

Each Secretary shall furnish the local board with a report of separation for each person separated from service.

Each registrant must keep his local board informed of his status. Reemployment rights are preserved for both volunteer enlistments and inductions.

Absentee voting privileges are extended to those inducted, and no poll tax is to be charged them.

Soldiers and Sailors Civil Relief Act is extended and made applicable to all persons inducted.

Presidential power is given to draft industry in cases where munitions are not furnished at reasonable prices or priorities are not given to defense orders.

SELECTIVE SERVICE SYSTEM: The system is prescribed in detail in the Act and corresponds generally to the system of local boards used during World War II.

EMPLOYMENT OF CIVILIANS: An increase in the number of civilians employed by the Armed Forces is allowed but only for the purpose of carrying out the provisions of the Act; however, appropriations will still govern the number which can be paid.

MISCELLANEOUS: The final Act contains no provision for special calls of doctors, dentists, veterinarians, or members of allied professions.

No enlistment of non-resident aliens is allowed.

No presidential proclamation is required for implementation.

Recruit Men For Service In Band At Port Of Embark.

Direct assignments for men who can play any musical instrument are presently open in the 2d Army Band at the San Francisco Port of Embarkation, Fort Mason, California. It was announced today by Sixth Army Headquarters at the Presidio of San Francisco. Qualified men, who will be accepted regardless of whether or not they have had prior military service, will be assigned to the port of embarkation either at Fort Mason or at Camp Stoneman, California.

Enlistees under this program will be given their basic training at Fort Mason before assuming duties with the band. Interested men should apply at the local U.S. Army and U.S. Air Force recruiting station, 428 Market street or 2399 Mission street in San Francisco.

SUGGESTIONS FOR CURING FIDO OF PURSUING CARS

"How can my dog be trained not to chase automobiles?" is one of the most frequent questions of the Gaines Dog Research Center, New York City, these days, what with the extraordinarily great volume of traffic on our highways and streets and more and more dogs being killed — a great percentage of them because of their dangerous habit of pursuing passing motor vehicles.

Most drivers will do everything short of wrecking their cars to avoid hitting a dog, and the driver, in heavy, fast-moving traffic a driver usually swerves out of the way of a dog that leaps suddenly from the roadside. The habit is too dangerous to be tolerated and, says, stern measures must be used for breaking it. The Gaines Center suggests two proven methods for persuading Fido to abandon his suicidal pastime.

One system is as follows: The method the trainer uses is an assistant, a car, and a whip. The person drives the second car, an open window of the first car toward the car, the whip is used with full force on the dog's back. He must be shouted at in a loud voice to "Go home!" If the method does not prove successful, the same general procedure must be followed, but instead of a whip, the trainer uses a squirt gun loaded with a solution of ammonia and water. Dogs hate the odor of ammonia and if the squirt gun is used, the lesson is learned after one or two whiffs.

If one method doesn't work, the other usually will. The reason, of course, is to cause the dog to associate an unpleasant experience with the act of running after a car, to which is added his own astonishment at having an automobile attack him, the Gaines states.

FOR VETERANS ONLY... G.I. Insurance

YOU FELLOWS WHO HAVE A GI POLICY OWN A SHARE IN ONE OF THE WORLD'S LARGEST INSURANCE FUNDS.

IF YOU WANT TO CHANGE THAT TERM INSURANCE YOU GOT IN SERVICE, YOU HAVE A CHOICE OF SIX PERMANENT PLANS.

AND, IF YOU CAN QUALIFY AND WANT IT, DISABILITY INCOME INSURANCE MAY BE ADDED FOR A SMALL ADDITIONAL PREMIUM.

YOUR NEAREST VETERANS ADMINISTRATION OFFICE WILL HELP YOU TO FILL OUT THE NECESSARY FORMS.

Rev. John Wagner Is Transferred

The Rev. John Wagner, erstwhile chief of Boy Scout and Cub work at Epiphany Parish, has turned his duties over to the Rev. Daniel Sheehan upon his transfer to San Lorenzo.

During his seven years of service at the local parish, Rev. Wagner had gained a reputation for outstanding organization abilities, building his scout troop and club back into two of the most active organizations in the area.

Fr. Wagner is expected to continue his youth work with boys of the St. Lawrence congregation at San Lorenzo.

TIRE PRESSURE

When driving at sustained high speed in warm weather, frequent checking of air pressure in the tires is advised by the California State Automobile Association. In some instances it may be necessary to drop the pressure a few pounds during the day and increase it again the following morning. In a low pressure tire, air pressure may increase ten pounds due to expansion from heat.

TROUT ANGLERS HAVE LUCK

Trout anglers have had first-rate luck during the past few days on June Lake in Mono county, according to the National Automobile Club. Using salmon eggs and spinners, they have taken many sizable fish.

IMMEDIATE DELIVERY

STAYS SILENT, LASTS LONGER

Great New 1948 SERVEL GAS Refrigerator

Come look, come listen! The Servel Gas Refrigerator—famous for permanent silence, longer life—now brings you the newest and finest in refrigeration convenience:

WHERE TO GO, WHAT TO SEE, WHAT TO DO

The list of fairs, fiestas, rodeos, shows and other celebrations scheduled for the coming week ends, July 23-25, isn't large but makes in quality what it lacks in numbers.

Week-end travelers to the Mother Lode country will find their journey to Murphys for the answer to a question "What's a Wingman?" (a pioneer type celebration).

Other celebrations scheduled for the week end include the Fourth District Sonoma-Marin Fair, Petaluma, July 22-25; Sacramento County Fair, Galt, July 19-24; Murphys Wingdam Celebration, Murphys, July 24-25; Carmel Bach Festival, Carmel, July 19-25.

All-Girl Rodeo and Horse Show, Tulare (Tulare Co.), July 25; Santa Barbara Dog Show, Santa Barbara, July 25; Festival of Arts, Laguna Beach, through July 25; Old San Diego Historical Pageant & Fiesta, San Diego, July 25.

San Diego Daily Journal Soap Derby, San Diego, July 24; Lakeside Rodeo, Lakeside, July 25.

Starlight Opera, Balboa Park, San Diego, Thursday through Sunday, July 22-25.

PETALUMA: Fourth District Sonoma-Marin Fair, July 22-25. Daily from 9 a.m. to midnight, admission free. Judging of livestock, poultry, four-H and future farmers of America, and domestic arts exhibits daily 9-5. Nightly band concert, entertainment and dance.

Amateur horse show Saturday at 2:30. All-Western horse show Sunday at 2:30 which will feature final event. Horse parade at 7 p.m. on July 21.

GALT: Sacramento County Fair Horse Show, July 19-25. Auspices 52nd Agricultural District. Beef and dairy cattle, poultry and other animal exhibits, sheep dog trials, home economics exhibits, horse racing, July 21-24, two harness and eight running races daily 1 p.m. Horse Show, July 21-24, 8:30 p.m. Thrill show evenings.

CARMEL: Bach Festival, July 19-25. Gastone Usigli, conductor. Saturday's program includes soloists, chorus and orchestra. The B Minor Mass will be given at 3 and 8:30 p.m. Sunday.

LAGUNA BEACH: Thirteenth Festival of Arts, July 14 through 25. More than 185 booths exhibiting paintings, sculpture, ceramics, and other works; art in action; nightly presentation "Pageant of the Masters" at 8:30 p.m.; exhibits and grounds open daily 2:30 p.m. to 11 p.m.

SAN DIEGO: Old San Diego Historical Pageant and Fiesta, July 24-25. A spectacular pageant of floats beginning at Harbor Drive at 2:30 p.m. July 24. Floats will depict historical events in the development of San Diego. A fiesta and celebration at 5 p.m. in Presidio Park recreation center, with colorful costumes. Outdoor Mass on Sunday morning, July 25, followed by a barbecue dinner (open to public at nominal charge).

LAKEVIEW: Rodeo, July 25, 2 p.m. Sponsored by San Diego County Rodeo Association.

BRIDGES BEING BUILT NORTH OF MIDDLETOWN

Construction of two bridges about four miles north of Middletown on State Route 53, and realignment of the highway for a distance of about a mile is now in progress. Traffic through the construction zone is subject to only slight delay, but motorists should watch out for flagmen.

The Division of Fish and Game reminds sportsmen it is illegal to keep fish more than ten days after the close of fishing seasons.

of July 20 and 25. Championship rodeo Sunday afternoon, July 25. MURPHYS: Wingdam Celebration, July 24-25. A centennial theme will prevail with emphasis on all things pioneer. Sunday noon barbecue will be followed by Grand Finale Pageant at 2 p.m. Program of events begins at 1 p.m. Saturday.

CARMEL: Bach Festival, July 19-25. Gastone Usigli, conductor. Saturday's program includes soloists, chorus and orchestra. The B Minor Mass will be given at 3 and 8:30 p.m. Sunday.

Penin. Symphony Tryout Rehearsals Each Week At S.M.

Try-out rehearsals for the Peninsula Symphony will be held throughout the summer from 7:30 to 10 p. m. on Mondays and Thursdays in the San Mateo High School music room, Nathan Koblick, conductor, announced yesterday.

"Anyone who can play an orchestral instrument will be given an audition," Koblick said, "and we have no barriers on age."

The Peninsula Symphony is part of "Music on the Peninsula," the newly-organized group which seeks to promote and coordinate all forms of musical activity scattered throughout South San Francisco and San Jose.

The orchestra is composed of both amateur and professional musicians. Concerts are always free. Applications for try-outs may be obtained from Conductor Koblick at 845 Roble avenue, Menlo Park.

Tuesday, July 27

7:30 p. m.—Regular meeting, Sea Scout Ship No. 144, Vista Grande and San Diego avenue.

Daly City, Colma Donors Give Blood At County Bank

Two Daly City men and one from Colma added their names recently to the list of blood donors at the San Mateo County Blood Bank in San Mateo.

Louis Lede and Nick Romero, of Daly City, and Andrew Jackson have given their first donation. Mrs. G. Nichols, of Colma, donated blood for the second time recently, and William A. Thompson of Daly City, a familiar figure at the San Mateo offices, gave his seventh donation.

The schedule has been fixed and the camp sites located for the Portola Trek of 1948, in which thousands of horsemen will participate, celebrating the historic expedition of 1769 that discovered San Francisco Bay and began the occupation of California by the Spaniards and the founding of the California Missions.

The Portola Trek, sponsored by the California Mission Trails Association in cooperation with the California Centennials Commission, begins July 13 in San Diego and ends October 17 in San Francisco. It will take 108 days and cover 790 miles through the coastal counties and cities. The horsemen will arrive in Daly City on October 16.

The Trek schedule follows, with the arrival dates and mileage of each day's ride:
San Diego, July 13, 9 miles; Mission San Diego de Alcalá, July 14, 9 miles; La Jolla, July 15, 16 miles; Del Mar, July 16, 7 miles; Encinitas, July 16, 10 miles; Oceanside, July 17, 19 miles; Mission San Luis Rey de Francia, July 18; San Clemente, July 20, 19 miles; Mission San Juan Capistrano, July 21, 13 miles; Orange County Park (Santa Ana, Orange, Fullerton, Anaheim, La Habra), July 23, 23 miles; Whittier, July 20; Mission San Gabriel Arcangel, July 31; Lincoln Park, Los Angeles, August 2, 7 miles; Hancock Park, Los Angeles, August 3, 11 miles; Hollywood Hills, August 4, 10 miles; Encino, August 5, 12 miles; Mission San Fernando Rey de España, August 6, 10 miles; Newhall, August 9, 13 miles; Castaic Junction, August 10, 6 miles; Fillmore, August 12, 18 miles; Santa Paula, August 13, 11 miles; Ventura — Mission San Buenaventura, August 14, 14 miles; Carpinteria, August 17, 17 miles; Mission Santa Barbara, August 18, 12 miles; Mission Santa Inez, August 21, 35 miles; Mission La Purisima Concepcion, Lompoc, August 27, 25 miles; Santa Maria, August 31, 28 miles; Arroyo Grande, September 1, 15 miles; Pismo Beach, Mission San Luis Obispo de Tolosa, September 2, 12 miles; Morro Bay, September 4, 13 miles; Atascadero, September 5, 18 miles; Paso Robles, September 9, 12 miles; Mission San Miguel Arcangel, September 16, 10 miles; Mission San Antonio de Padua,

Work started this week on the seventh new power plant in Pacific Gas and Electric Company's \$400,000,000 postwar expansion program when a Company road building crew moved into the Yuba River area 35 miles northeast of Marysville.

The Company announced that the crew will build a new access road to the 43-year-old Colgate Powerhouse which is to be replaced by a modern plant of nearly twice the generating capacity. The new powerhouse, with a capacity of 40,000 horsepower compared with 20,800 horsepower in the existing plant, is scheduled to go into operation next summer.

Meanwhile, the Company announced its new 133,000-horsepower Electric Powerhouse on the Mokelumne River is nearing completion and is expected to be placed in service in the next two or three weeks. Electra will be the second new generating plant P. G. and E. has built and placed in operation since the end of the war.

The first new plant completed was Kern Steam Plant, near Bakersfield, which went on the line last May with 101,000 horsepower. A second Kern unit of 134,000 horsepower is scheduled to be completed in the spring of 1950.

New construction on the P. G. and E. system is proceeding at a rate of more than \$10,000,000 a month, the Company announced. Nearly two million new horsepower is being added to the Company's generating capacity, a third of that amount to be completed in the next seven months.

The Bureau of Fish Conservation, Division of Fish and Game, estimates an annual average take of more than 17,000,000 trout from California waters.

Rosemary Byrne, Daniel Ciernick Wed Last Week

Orchids were the theme of bridal appointments last Saturday when Miss Rosemary Byrne, daughter of Mrs. Rose Byrne of Garwood drive, became the wife of Daniel Francis Ciernick of Burlingame.

The marriage rites were performed at a nuptial mass by the Rev. William Stewart, at Our Lady of Perpetual Help Church. Joan Byrne, vocalist, sang Schubert's "Ave Maria" and "On This Day, Oh Beautiful Mother," before the ceremony.

Gowned in champagne brocade with matching illusion veil, the bride carried a bouquet of two purple throated white orchids with white phalaenopsis in the shape of a larger orchid. The puffed shoulders of her long sleeves were outlined with tiny seed pearls, which were repeated on the net of her heart-shaped crown.

Mrs. Frank Vorsatz, the former Beatrice Byrne, stood as matron of honor for her sister. Wearing a satin brocade gown of rose beige with cap sleeves and a gathered skirt, she carried a cluster of three lavender orchids. Identically styled gowns of light blue were worn by the bridesmaids, Miss Sylvia Ciernick, the bridegroom's sister, and Miss Barbara Glostein. Each of the attendants wore braided ribbon headband adorned by a single lavender orchid.

The train bearer, young Roberta Dill, was gowned in pink brocade with puffed sleeves and a gathered skirt. A halo of phalaenopsis crowned her hair.

Frank Vorsatz, brother-in-law of the bride, performed the duties of best man. Guests were escorted to their seats by Frank Hughes, of San Francisco, Ross Billig, of Burlingame, Paul Biecht and Herbert Hagen of Palo Alto.

Out-of-town guests at the wedding and the reception which followed, at El Jardin Restaurant in San Francisco, were the bridegroom's parents and sister, Mrs. and Mrs. Frank Ciernick and Sylvia, and his aunt, Mrs. Ben Antezak - all of Dearborn, Michigan. A three-tier wedding cake was cut by the bestweds. Some 200 guests danced to the music of a four-piece orchestra.

Judge Rudolph A. Rapsey of San Bruno was reelected chairman of the San Mateo County Republican Central Committee at a meeting of that organization in Redwood City last week.

Other officers are Richard Harding Kruss, of South San Mateo, vice chairman; Capt. Lorne G. McAloney of San Mateo, secretary; and Damian L. Reynolds, also of San Mateo, treasurer.

Other members of the committee include: Thomas J. Callan, Colma; Joseph Sarto, Daly City; George M. Dunn, Half Moon Bay; William H. Penast, San Carlos; John D. Bromfield, Epoch L. Richardson and Walter W. Cribbins, San Mateo; James T. O'Keefe Jr. and Frank S. Becker, Menlo Park; Larry K. Hatlett, Atherton; Arthur Jacobs and William P. Kietly, Redwood City; J. Ed McClellan, R. J. Anderson Jr., Norvell Gillespie and Hugh A. Wayne, Burlingame.

BARBARA STANWICK, as she appears on the Crest screen in the title role of "B. F.'s Daughter," M-G-M's filmization of the best-seller novel by John P. Marquand. One of the season's biggest box-office attractions, Miss Stanwick was born in Brooklyn, N. Y., and began her theatrical career as a chorus girl. Graduating to dramatic parts, she won her big break as the jaunty heroine of "Burlesque" and was soon called to Hollywood. Her first picture was "Ladies of Leisure." Among her later successes were "Stella Dallas," "Ball of Fire," "Double Indemnity," "California," "The Strange Love of Martha Ivers" and "The Other Love." She is married to M-G-M star Robert Taylor.

Anna Foss

Services were held at the W. C. Lasswell Mortuary Monday for Anna Foss, 59, who died last Friday at the Community Hospital.

The deceased had made her home in the community for the past 21 years. Inurnment was at Cypress Lawn Memorial Park.

She is survived by a daughter, Mrs. Marian Nolan, and three sons, Robert L., Donald E. and Ernest F. Foss.

Lenore Baitinger

Private services for Lenore Baitinger, 52, were held yesterday at the chapel of W. C. Lasswell Mortuary, followed by inurnment at Cypress Lawn Memorial Park.

Fred H. Sharrar

The deceased, who had made her home at 24 E. Moltke street, is survived by her husband, Clinton; her mother, Mrs. A. H. Wright, a brother and an aunt.

Magdalena Carr

Funeral services were held last Saturday for Magdalena Carr, 80, who died July 15 at her home, 6 Vendome street, after a lengthy illness.

A native of Denmark, she had lived in the community for 12 years. She was a member of Thyra No. 3 of D.K.D.

Survivors include four daughters, Mrs. Sophie Grellmann, Mrs. Nettie E. Hutchinson, Mrs. Marie Ohn and Mrs. Viola Jensen; 17 grandchildren and 10 great-grandchildren.

Burial was at Cypress Lawn Memorial Park.

Esther Hukari Weds Lowell Beckendorff In June Ceremony

Established in their new home in San Francisco this month are Mr. and Mrs. Lowell Beckendorff, Jr., who were wed late last month in a simple, though impressive ceremony at the Grace Presbyterian Church here.

Friends and relatives filled the church to capacity, as the Rev. William Harberts pronounced the marriage vows. Regal lilies, white gladioli and Esther Reed daisies adorned the altar.

The bride, given in marriage by her foster father, Joe Swan, was attended by Miss Joanne Russell, maid of honor, and Carol Rittiman and Jean Beal, bridesmaids. Ernest Oertle performed the duties of best man, while Franklin Hukari and Philip Raineri showed guests to their seats.

The wedding march from "Lohengrin" and Mendelssohn's wedding march were played by Mrs. Einar Hanson. Mrs. Doris McKinney sang "O Promise Me" and "Because," before and during the rites.

Lowell, a graduate of Gompers Trade School, is a veteran of the army, with service at Okinawa. The former Esther Lydia Hukari, whose foster parents are Mr. and Mrs. Joe Swan of Daly City, is a graduate of Jefferson High School.

A wedding reception in the Mason Hall after the ceremony honored the justweds. Returning from their honeymoon at Lake Tahoe, the Beckendorffs made their home in San Francisco.

Benjamin Silver

Services for Benjamin Silver, 75, retired tailor of Daly City, will be held tomorrow morning from the chapel of the Sinai Funeral Home.

Silver died early yesterday at the Villa Sanitarium, after a year-long illness. He had resided in Daly City since 1911, making his home at 119 Hillcrest drive. He was a member of the Beth Israel Synagogue congregation here.

Survivors include his son, Sidney Silver, and five grandchildren, Herbert, Judith, David, Esther, and Rose Ana, all of Daly City.

Interment will be in the Home of Peace Cemetery at Colma.

San Bruno Paper Named Defendant In Libel Suit

As an aftermath of the recent city election campaign in San Bruno, William Maurer, veteran San Bruno councilman and editor of San Bruno's "Who's Who," has brought a political paper, last week was named defendant in a \$75,000 damage suit for alleged libel filed in Superior Court by Lyman E. McGuffin, newly elected member of the San Bruno Council.

McGuffin took exception to articles in Maurer's paper, allegedly stating his campaign was marked by intimidation, coercion and blackmail and seeks \$50,000 general plus \$25,000 exemplary and punitive damages.

Defective shock absorbers on a motor vehicle are a definite accident hazard until replaced or repaired, according to the California State Automobile Association. By failing to hold the car body evenly and firmly, a defective shock absorber may cause the car to swerve out of control when brakes are applied suddenly.

SHOCK ABSORBERS

When things happen at high speed, they happen faster than the average driver can react to the danger. Slow down, urges the California State Automobile Association, and give yourself and others a chance to avoid an accident.

Daly City Woman On Last Lap Of Cross-Country Tour

Mrs. Nellie Parker, of 193 Santa Barbara avenue, will return to Daly City shortly, after a three-month vacation trip which has taken her over the entire country.

In a letter received this week by Mrs. P. Dornoy, a neighbor of the traveling localite, Mrs. Parker recounted her travels on the east coast and through the middle west. Writing from a cattle ranch in Montana, where she is visiting friends, Mrs. Parker gave an amazing account of herding cattle in an automobile instead of on horseback.

"Nowhere that I have stopped," she wrote, "no matter how I enjoyed my stay, have I found any drinking water to compare with that in Daly City."

Mrs. Parker was scheduled to leave the "clear air and magnificent skies" of Montana last Monday for Yellowstone National Park, from where she will return to the west coast by way of Salt Lake City.

Local Cal Alumni Spend Vacation At Shasta Resort

Mr. and Mrs. Joseph F. Dolan Jr., 686 San Diego avenue, were among the first alumni of the University of California to vacation at the "Lair of the Golden Bear," new summer resort opened this month at Lake Shasta by the California Alumni Association.

The first alumni venture of its type in the country, the camp is located in the center of one of the last wilderness areas in the West. Sleeping in tents, the alumni vacationers eat in a central dining hall, swim in the stream running through the camp or in nearby Lake Shasta and hike to scenic spots in the area.

Members of the university faculty conduct informal field classes in the natural sciences and give analyses of world affairs at the nightly campfires. Motion pictures of football games and other campus activities are also shown.

12th Infantry Marine Reserves On Encampment

Camp Pendleton regular Marines looked twice at the spirited, though sometimes juvenile, attempts at mastering the art of modern warfare made by Bay Area and Peninsula Reserves these past two weeks. The 12th Infantry Battalion, USMCR, was in the field for its annual 15-day encampment.

While machinegun and mortar platoons ran through incessant gun drills, battalion rifle platoons learned the use of cover and concealment. Rifle platoons also met with the inevitable close order drill, learned the tricks of creeping and crawling, and mastered the technique of hitting the deck while fully laden with combat gear.

The troops also spent two days and many rounds of ammunition on Pendleton's rifle range. While riflemen and automatic riflemen baked to a leather hue beneath a scowling sun, machinegunners and mortar-men expended their ammunition allotment on their respective ranges.

Included on the calendar of events was a several-mile "approach march," during which the entire battalion navigated the famed "hill, dale and dusty trail" in search of the mythical enemy.

The liberty merits of Tijuana, Dago (San Diego to the uninited), nearby Oceanside, Los Angeles, and intermediate points were fully explored and exploited by the troops over the week end.

A feast complete with drinks, hot dogs and athletic events, was attended by those unfortunate who were not permitted to go ashore.

As the second week of training was to be wholly devoted to amphibious training, the troops received "dry net" training while at camp. When troops go over the side of a troop transport into landing craft prior to hitting the beach, they must of necessity use the nets.

Entailed in the operation are points to be learned only by actual practice. Thus the troops are made familiar with the "hands on the verticals, feet on the horizontals" rule, and only thus do most of the troops conquer their fear of heights.

"Dry net" training consists of troops going over the side of a structure built on land, down the nets and into a beached landing craft. In this manner the "feel" of the net is achieved without the added inconvenience of the lurching of a waterborne vessel.

The battalion is now ready for its week of amphibious training, which will be discussed in the next issue.

VETS INSURANCE July 31 Deadline For Reinstatement Without Exams

Floyd D. Granger, veterans service officer, today again warned veterans that the date for reinstatement of National Service Life-term insurance without a physical examination is July 31, 1948.

Since Congress took no action this year to require the Veterans Administration to permit continued reinstatement without a physical examination, VA Administrator Carl R. Gray Jr. announced Friday that no more such easy reinstatements will be permitted. More than ten million veterans are still eligible to reinstate their term insurance.

Granger also advised veterans of World War I that writing to the Veterans Administration will only delay payment of dividends on National Service Life insurance scheduled to be paid almost all former and current policy holders. Eventual payment of dividends, possibly within a year, is the result of a Supreme Court decision which made possible the release of perhaps as much as \$2 billion in surplus, Granger explained.

He said the Veterans Administration had advised him payments will be made automatically once the tremendous amount of book work is completed on the records of the 19,000,000 insurance holders eligible for dividends. There has been no estimate on how much each policy holder will receive. The dividends will depend on the amount of insurance carried, the period it was in force and the age of the insured. Beneficiaries of deceased policy holders will also receive dividends.

Granger said actual policies will

George Archer Kind To Birds

One of the fishier fish stories being circulated by the Daly City Rod and Gun Club this week concerns George Archer and his philanthropic attitude toward sea gulls. He feeds 'em.

Seems that one day last week, intending to get in some fishing before work, George greeted the dawn over Thornton Beach. Setting up his tackle on the beach, he opened his bait and walked on down to the water.

With the first heave, however, the fisherman's sinker and bait was sent half way to the Farallones Islands. Turing and starting back to re-bait his hooks, George suddenly stood stock-still and seethed. A full squadron of papaya-sea gulls took flight from the vicinity of his bait box - with all of George's precious bait in their mimicking bills.

Other members of the club who have been out to the beach recently are Jimmy Fox and his wife Laurine, who caught 11- and 10-pound bass respectively last Friday and Saturday. It was Laurine's first surf fishing adventure.

Jack Tranberg chalked up some sort of a record, bringing in an eight-pounder one day and a 20-pound giant the next. President Ed Nienstiel, however, has so far been minus even a nibble. And he's been out as many times as any.

At their next meeting, at 8 p.m. next Wednesday in the No. 5 firehouse, the Rod and Gun men will greet any newcomers who are interested in small size fish and the large size stories they inspire.

Off The Record

By Paul Green

Some people claim that there will always be dissension in Daly City. After all, they point out, it took an earthquake to get the town started.

After the first early settlers came out El Camino Real in 1906 it was only five years before they formed into two groups; one for and the other against incorporation as a city of the sixth class.

The issue was decided on March 18, 1911 by as close a vote as anyone would want. There were 138 votes for incorporation to 136 votes against. One can imagine the tension and excitement of that first election, as the scattered settlers made their way through muddy lanes to the polls.

After the close decision to become a city, there were other things to be decided. Vista Grande, Hillcrest and Daly City were some of the names considered for the new community. It was finally decided to call the town Daly City, in honor of John Daly, on whose ranch property the first occupants settled.

Every Four Years

This being an election year, with the primaries and both major party conventions behind us, it's time for the usual run of bum jokes about the candidates, parties, etc. The Republicans will ask DEWEY have to wait until November to find out if the Democratic administration has WARREN out its welcome?

And the Democrats will point out that the donkey eats hay while the Republican eats peanuts. Therefore, they will opine, if the Democrats win everyone will have plenty of hay, while if the Republicans come out on top, we'll be working for peanuts.

Which War?

Active members of various veterans' organizations throughout the city believe it's time to get some action on a War Memorial Building.

The City has purchased most of the land required for a site and condemnation proceedings have been instituted on the balance of the land involved. Next in line should be architect's plans and estimates so the matter can be put to a vote of the people to authorize

a bond issue to meet the costs of construction.

From the looks of current world news, we'd better do something about it right away or it will have to be called a Memorial for World War III.

Hooto Monibaldi?

The neighboring town of Colma, land of cemeteries and flowers, is well known for its flourishing florist business, and it is said that Colma grows seventy per cent of the heather in America and ships it all over the country.

World travelers say the climate in Colma is about as near the climate in Scotland as can be found. The climate and the product may be taken from Scotland, but Colma is made up largely by people of Italian extraction. How do you say "Hoot Mon!" in Italian?

Whoops! No Pants

Interesting to note that, at the meeting of the Daly City Merchants' Association Monday at the city hall there were only 16 members present. And, according to Ted Hopman, treasurer, of these only two were paid up members.

The treasurer's report indicated that the practically defunct organization has a balance of approximately \$472 in the treasury.

Whether or not the merchants will reorganize as a going concern can't be decided here, although we're fully in favor of their becoming an integrated association. The merchants, by banding together, can do a lot of good for themselves and for Daly City generally, if they want to.

It would be a nice gesture if the remains of the organization would, at their next meeting, appropriate some funds for the Daly City Band.

The Band, under the able direction of George Brenner, has been limping along like somebody's stepchild, but despite its lack of funds has been able to win many prizes in appearances at northern California fairs and parades. The city council contributes some funds for the maintenance of the Band, but isn't able to do all that is necessary.

Right now the situation is becoming desperate. The boys need pants; about 30 pairs at \$16 per. Looks to us like the merchants deserve a lot of benefit from the activities of the local musicians, and therefore it would be a good idea to provide them with pants before they have to start parading in rags.

Music, Drama Week To End Friday With Talent Show

An all-city amateur program and entertainment show scheduled for next Friday in the high school auditorium will conclude Music and Drama Week, July 26-31, in the Daly City Recreation Department's summer recreation program.

Starting with the regularly slated movie program on Monday, the week will be featured by individual playground outings on Wednesday, and amateur rehearsals throughout the week.

Suggested performances for the amateur entries are instrumental pieces, songs (solo or group), skits, stunts, tap dances, costume or folk dances, juggling, baton twirling, recitations, magic acts or any others suitable for stage presentation, singly or in groups.

Top prizes will be a three-dollar cash award, while many theatre tickets will be presented to runners-up. Final winners will be determined by the audience.

Included in the show will be a Mickey McGuire film entitled "Mickey's Medicine Man," starring Mickey Rooney as a young boy, and a community sing film.

Entrants in the amateur contest should sign up with playground instructors at their first possible convenience.

The free movie program at 10:30 a.m. Monday in the school auditorium will feature "Puss in Boots," a pictureization of the classic nursery story, done in the style of a fairland opera. Episode No. 8 of the "Adventures of the Flying Cadets," "Jack Frost," a cartoon, and "The Eternal Gem," an authentic picture story of the geological origin of the diamond, will complete the showing.

Bill Freeman Returns To Yakima Packers

In town for the funeral of his grandfather, the Bill Freeman departed Monday for Yakima, Washington, where Bill will take up his hurling duties for the Yakima Packers.

Yakima has lost 56 games and won only 37 so far this season, with Freeman recording seven wins against six losses in thirteen pitching starts. The Washington team winds up on September 16.

Hillcrest Circle Plans Whist Party For Monday Night

Games will begin promptly at 8:30 next Monday evening at the whist party slated by Hillcrest Circle, United Ancient Order of Druids.

Doors at the Masonic Hall will open at 8:15 p.m. — 15 minutes before games are scheduled to start. According to Mrs. Jessie Hutchinson and Mrs. Eleanor Cameron, co-chairmen, latecomers will be required to bid for sixes and sevens.

Sarto Gets Suits But Others Get Sarto's Goat

Maddest man in town this week (at least temporarily) was Joe Sarto, of the Villa Sanitarium.

It seems that not long ago the D.C. Baseball Club boys were in need of new uniforms. Failing to find other backing, they contacted Sarto, who cheerfully dug up \$250 for the uniforms.

Tavern owner George Kirchhubel then volunteered to meet current expenses for the club, providing funds for equipment and supplies.

Then practical jokers entered the picture. Johnny Degliantoni and Don Dolan contacted Sarto and told him the uniforms were being lettered with "Kirchhubel's Tavern" on the shirts.

After a hurried check on the uniforms, Sarto summed things up with the expression, "It's a good thing it was only a joke."

Dray Guaraldi Family Establishes Home Here

After two and one-half years in business in Daly City, Dray Guaraldi, one of the three proprietors of the popular Central Creamery, has become a resident of these parts.

With his wife and three children, Dray, 10, Garry, 5, and Norman, 2, Dray has moved into new quarters at 173 Clarke street in Colma. Garry and Tony Guaraldi, brothers and partners in the creamery, still reside in San Francisco.

In the time the Guaraldis have managed the local eatery and meeting place, they have become virtually more familiar figures than many old-time residents, taking active interests in community affairs and especially in local sports circles.

MARRIED

Miss Rosemary Byrne, who last week became the bride of Daniel Francis Cernick in a formal ceremony at Our Lady of Perpetual Help Church.

John McHugh Returns From Motor Trip To Yosemite, Calaveras Co.

Mr. and Mrs. John McHugh, of Bellevue avenue, returned this week from a two-week motor trip to Yosemite Valley and to Calaveras county, where they visited Mr. and Mrs. Bob Wall, former Daly City neighbors.

After vacationing at Pirbright, the McHugh continued to Melrose in Calaveras county, to spend a week boating, fishing and enjoying historical attractions in the latter part of the trip. A hand-crocheted shawl made by Mrs. McHugh during their stay at Melrose, the shawl was given away at the party.

Woodrow P.T.A. Wiener Roast Next Wednesday

Plans for a wiener roast for members of the Woodrow Wilson Parent Teacher Association and their families were brought to a close this week by members of the picnic committee.

The outing is slated for next Wednesday at the beach opposite Fleishacker Zoo, if favorable weather prevails, or at San Bruno Park in case of cold or fog. Participants will meet at 7 p.m. at 151 San Diego avenue, where a caravan will be formed for the procession to the picnic site.

All those planning to attend were advised this week that winners, roasting sticks and buns should be provided by the individual families. Musicians were invited to bring along their instruments for a song-fest after the feast.

Eagles Auxiliary Drill Team Plans Whist Party Friday

A dessert whist party is being planned this week by the drill team of the Eagles Auxiliary for Thursday, July 29, at 1 p.m.

The party will be given under the supervision of Mrs. Ellen Herb, in the Eagles Hall on San Bruno avenue. A hand-crocheted shawl made by Mrs. Herb during their stay at Melrose, the shawl was given away at the party.

County Civil Service Exams Next Month

Announcement of examinations for county positions in August and September has been made by the San Mateo County civil service commission.

Examinations for assistant building inspectors — structural, electrical and plumbing at salary ranges from \$314 to \$392 per month, will take place at the county courthouse on August 12.

A road foreman examination, salary \$238 to \$297, will be given on September 15.

Two openings for jail matron, salary \$213 to \$266, will be filled from eligibles selected at an examination on August 21.

On August 7, examinations for clerks and stenographers paying \$201 to \$252 will be held. Fire Equipment operator, \$238 to \$297, and firefighter, \$216 to \$266, are positions for which examinations will be held on August 21.

Details concerning qualifications and applications may be learned at the county courthouse in Redwood City, or on the bulletin board at the city hall, Daly City.

FAZZIO HAS FIELD DAY AT ABILENE

Fred Fazio, Daly City's gift to the Western Texas League, ban out four singles and a base-clear home run in five trips to the plate at Abilene, Texas, this week.

Playing both as pitcher and fielder, Fazio has been important in the Abilene club's climb from the bottom to sixth place in the league. By gaining seven more wins, Abilene will make championship playoffs.

GRASSHOPPERS THREATEN Danger of a plague of grasshoppers on the Bay side of the peninsula, between Menlo Park and Elgin, was warned this week by Max J. Leonard, county agricultural commissioner.

The grasshoppers were discovered in the incubation stage. County inspectors are combating them with DDT.

Migrating from the hill country towards the Bay, the locusts eat anything green in their path. They shun cooler climates, Leonard said, and are not expected to move north of Millbrae.

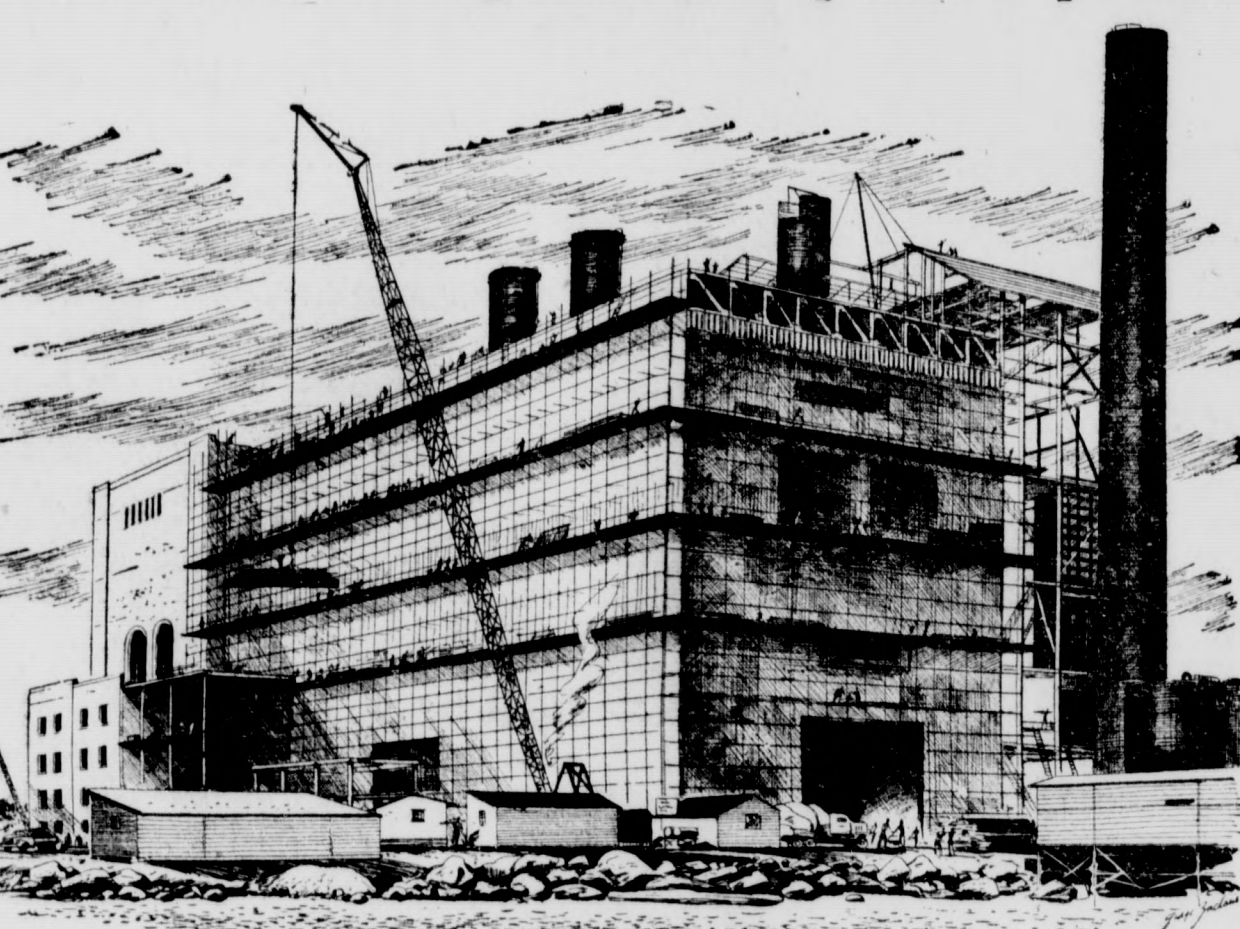

MATTRESSES

We will renovate your spring mattress. All other mattresses such as cotton, floss, and hair can be exchanged for a new spring mattress for a trifle more than the price of a renovation.

1000 men rush expansion of P. G. and E.'s greatest power plant

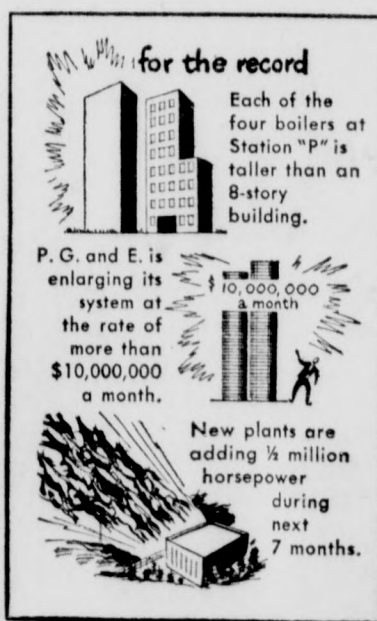

Near the lapping waters of the Bay at Hunters Point in San Francisco, P. G. and E.'s Station "P" is rapidly growing from a good sized power plant into a giant with an electric generating capacity of 360,000 horsepower. When the new power goes on the line this winter, Station "P" will be the largest generating plant on P. G. and E.'s vast system. And it's just part of our postwar construction program which is adding nearly 2,000,000 horsepower to our power supply.

We put salt water to work at Station "P." Two tunnels, six by nine feet, will pour 230,000,000 gallons of Bay water daily through the plant to cool the steam from the turbine-generators. That's nearly three times as much water as San Francisco uses every day.

When Station "P" hits its maximum output, it will produce six times as much electrical power as it does today. Still other plants, both steam and hydro, are on the way to provide more power for Northern and Central California homes, farms and factories.

Make this passbook your passport to independence!

Put yourself on the road to financial independence by starting your Thrift Club account now. Select your goal from this chart and make regular deposits—weekly, semi-monthly, or monthly.
